

Watermelon Seeds

Level 1 ★☆☆

3

Example

Black

Draw dots on the watermelon to add seeds.

To Parents

Allow your child to hold the crayon however they want. You can show them how to make dots before they begin.

Strawberry Seeds

Level 1 ★☆☆

5

Example

Black

Draw dots on the strawberries to add seeds.

To Parents

Because children of this age usually do not apply much pressure when writing, have them use crayons that are easy to color with.

Playing in the Sand

Draw dots to add sand to the pile.

Level 1 ★☆☆

7

Example

Brown

Dad's Beard

Draw dots to finish Dad's beard.

Level 1 ★☆☆

6

Example

Black

To Parents

Learning to draw dots is similar to learning to draw short vertical lines. It's okay if some dots are a little longer than others.

Frozen Treat

Draw syrup on the ice.

Level 1

11

Example

To Parents

Let your child draw however they want. It's okay if they mix horizontal lines, vertical lines, and diagonal lines. Using a crayon helps them develop fine motor skills and enriches their creativity.

Fluffy Clouds

Draw clouds in the sky.

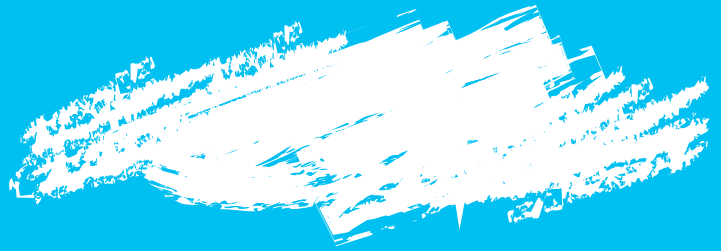

Example

White

To Parents

Your child may want to use a black or gray crayon to draw the clouds. It's wonderful if they know clouds are also these colors.

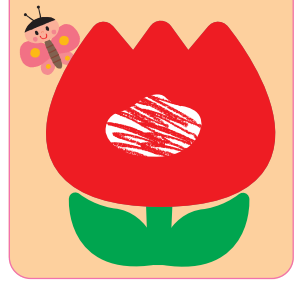

Red Tulip

Color the empty space on the flower.

Level 2 ★★☆☆

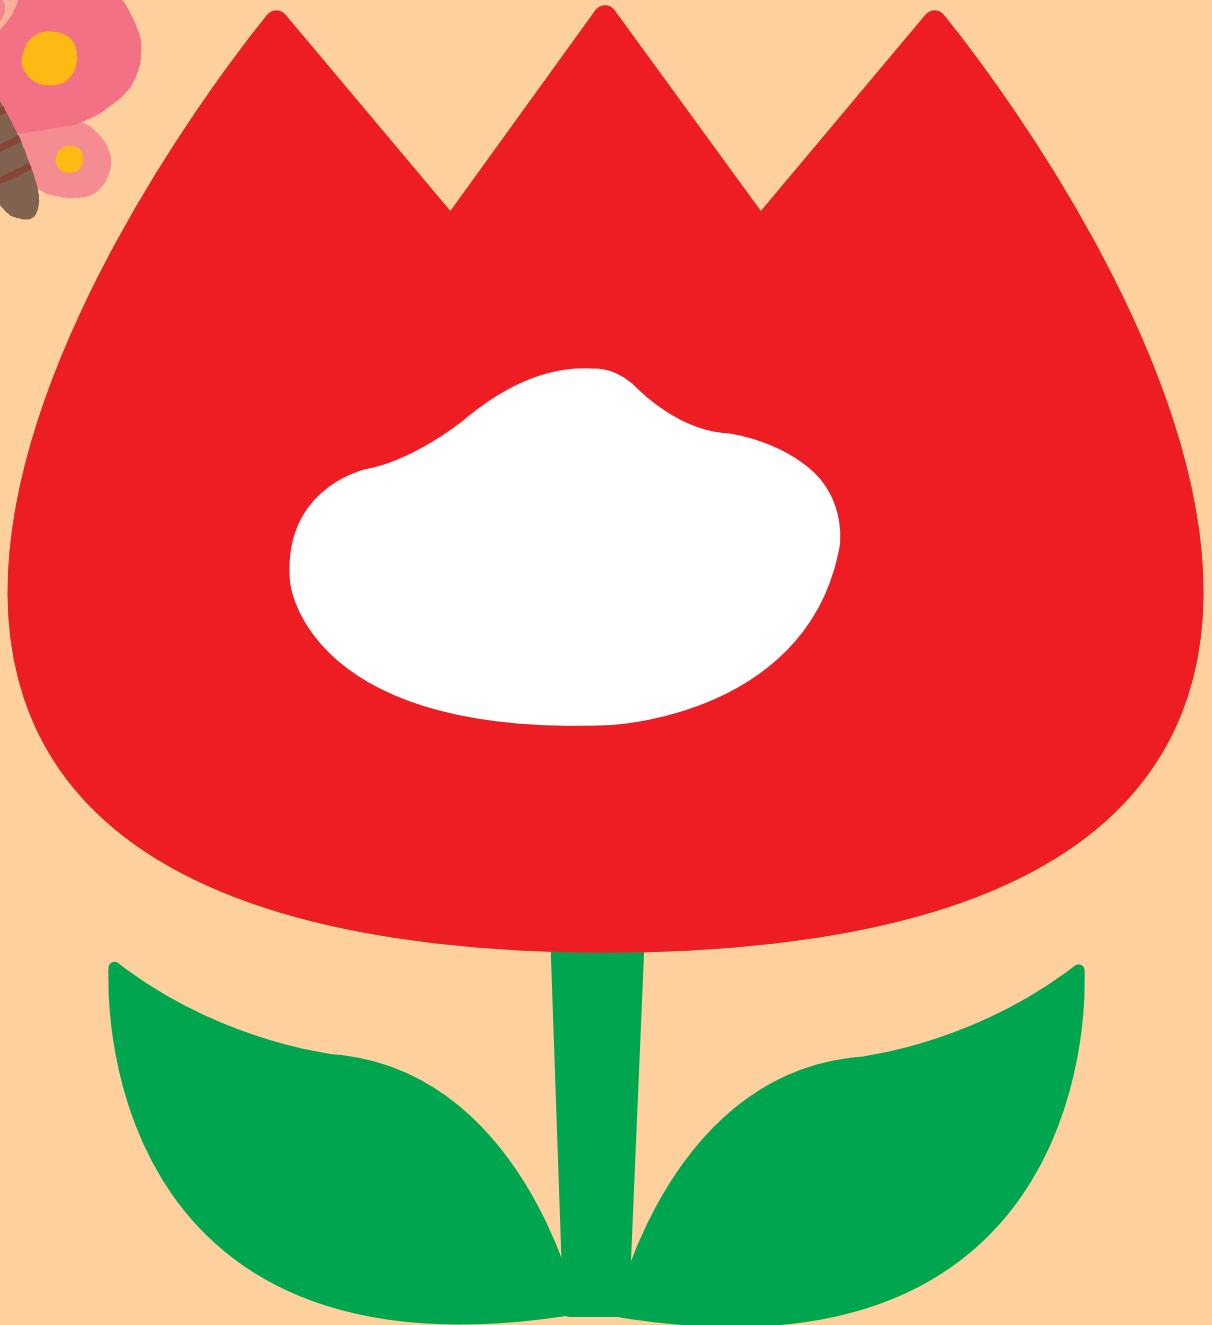

15

Example

To Parents

It is okay if your child colors outside of the white shape. It is more important that they select the right color.

Green Leaf

Color the empty space on the leaf.

Level 2

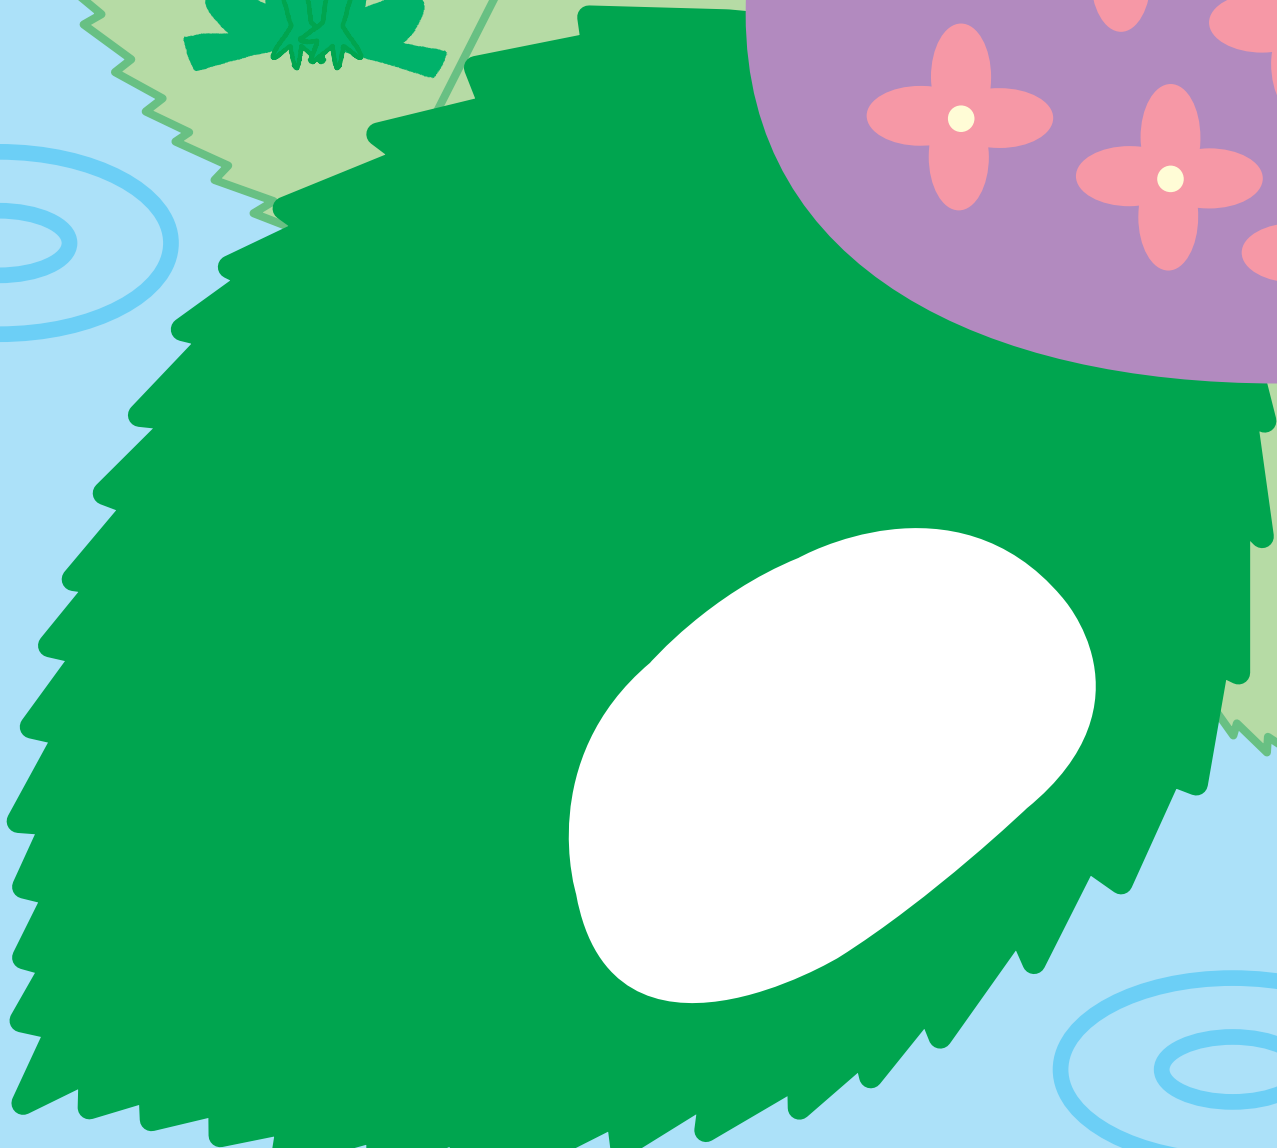

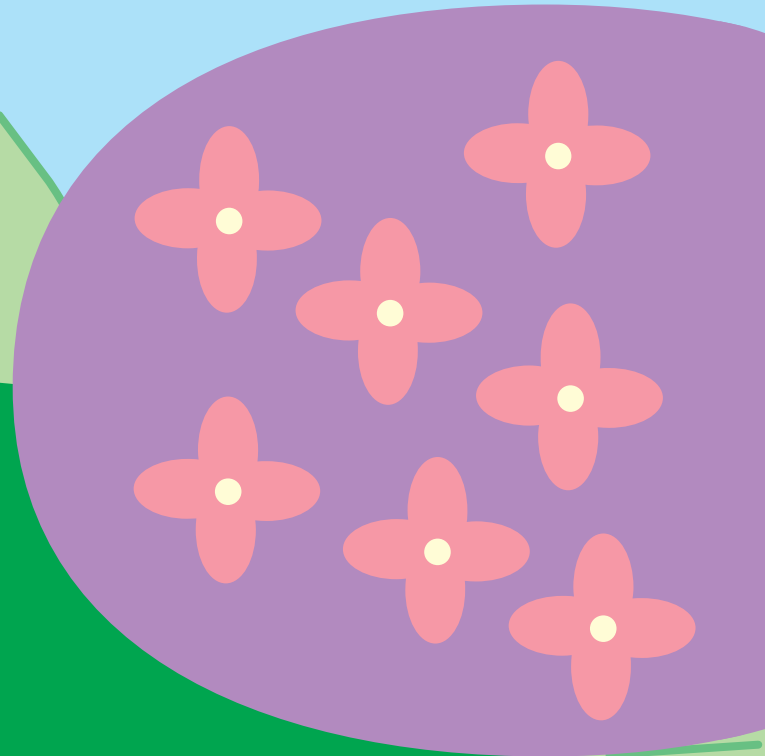

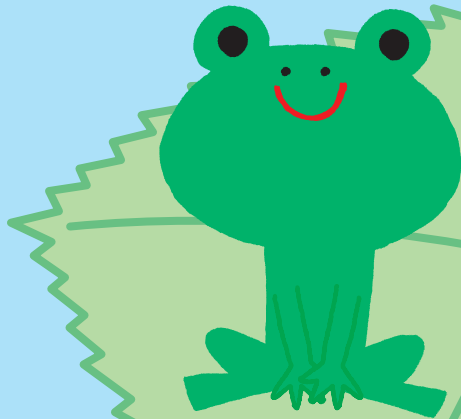

17

Example

To Parents

Ask your child which color they should use to fill in the leaf.

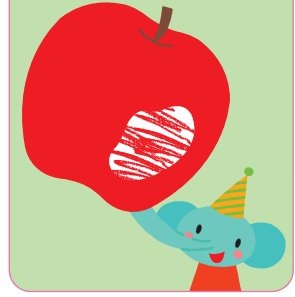

Sweet Apple

Color the empty space on the apple.

Level 2 ★★☆☆

19

Example

To Parents | Tell your child to hold the paper lightly with their free hand while coloring.

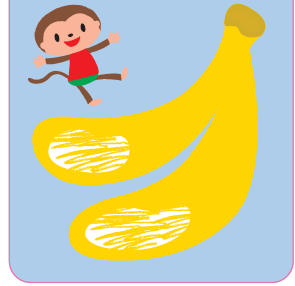

Delicious Bananas

Color the empty spaces on the bananas.

Level 2 ★★☆☆
